The
1999 Atkinson Annual Town Report

is proudly dedicated to the

Atkinson Fire Department

Honoring the dedication and commitment of all it's members who unselfishly give so much back to their community.

Thank you!

The Atkinson Volunteer Fire Department

Moving into the 21st century

During the last year the town was fortunate to be able to build a new fire station for the Fire Department, replacing the existing station that had been built in 1945. During its useful lifetime, the old station received five separate additions; all of them built mostly with volunteer labor and donated materials. Although the old station represents some historical sentimentalism, especially from the many people who drove the nails and spent many a night there, it was time to move forward with a modern facility that would serve the growing needs of the town far into the future. It is because of this momentous occasion of the completion of the new fire station, that we thought it appropriate to take a minute to recognize the many contributions of so many over the last 50 plus years in creating, and building our Fire Department.

The Town of Atkinson has prided itself over the years in being a small friendly New England town supported by a large element of volunteerism. And no single organization in Atkinson embodies these ideals of volunteerism and a neighborly helping hand more than our Volunteer Fire Department. The Fire Department recently celebrated its 50th anniversary in 1994, and continues today in its role as one of the few remaining all volunteer fire departments in the region. That's right, it may be a surprise to a few of the newest citizens, but the firefighters that come at your beckoning call at all hours of the day or night to answer a medical emergency or respond to a fire hazard are still volunteering their time. And as technology and service expectations grow, they spend an increasing amount of their personal time training and maintaining their facilities in order to be the best they can be at providing these services.

The Fire Department was formed by the actions of a special town meeting held on April 24th 1944. This town meeting was attended by a small group of interested citizens seeing the need for an organized local fire protection capability. A vote of only 12 citizens was needed to start conducting the only business of the night in 17 minutes time. A very short town meeting to launch such a long-lived and successful institution. Prior to its inception, the only town fire protection was provided from its neighboring towns, by requesting help in an emergency. The regular town meeting the following year (1945) raised the sum of $1000 for seed money to build the original two bay building that served as the starting point for continuing improvements over the next 56 years. In the first few years, the new station was heated by a wood stove, and had no bathroom facilities. One of the first additions addressed these needs.

From its early beginnings, the Fire Department has been served by a total of 256 residents of the town. The accompanying roster of members is hopefully a complete list of those who have served over the 56 years. The department has been led by a total of eleven Fire Chiefs:

Ward Wright	1944-1946	Roland Weeman	1969
Clarence Kinney	1947	Donald Murphy	1970-1980
Wilbur Moody	1948-1957	John Rockwell	1981-1982
Kenneth Hurteau	1958-1963	David Weymouth	1983-1989
Meredith Reynolds	1964-1965	Michael Murphy	1990- present
Daniel Stewart	1966-1968		

Many other members have served in various leadership roles within the department and the Firefighters Association. During this same period, a Women's Auxiliary served to support the fund raising and operational activities of the department. During the early days of the department, these women served as the alerting function for emergencies, by creating a telephone "Red Network" to call all members in emergencies before the days of the radio pager. We are sorry to say that the

records of many of these supporting activities are not as complete to allow an accurate acknowledgement of the many contributions.

To this day, the Firefighters Association has continued to be the backbone of the organization, organizing many social and fund raising events over the years to contribute to the department's financial success and camaraderie. Their energy is exhibited by the fact that their fund-raising activities have allowed them to contribute to the new Fire Station. They are funding all of the interior furnishings and appliances for the new building, thus reducing the tax impact. They have also committed to undertake the future project of completing the construction of the unfinished second floor of the new building. This continues the long tradition of contributing sweat equity into their station. The volunteer tradition that all of the members continue to take great pride in.

As the science of fire fighting has progressed over the years, the nature of emergency services has changed and the Atkinson Fire Department has kept pace with these changes. Today, the largest portion of services provided is for responses to medical emergencies. Fast Fire Department response to requests for medical aid and ambulance service bridges the critical time gap between the initial call for help through 911 and hospital intervention. Maintaining the staff of licensed Emergency Medical Technicians (EMT's) for emergency response requires a growing amount of continuing education and practical training on the part of the volunteers. More sophisticated equipment such as Defibrillators and Hydraulic Extrication equipment provide the necessary tools but also demands more training and maintenance time. This new equipment is a far cry from the simple but limited oxygen bottle of the 1950's.

The departments emergency apparatus has also grown from its first home built fire truck in 1945 to modern professional equipment today. The town's first new fire apparatus was purchased in 1954. Prior to that time, an old candy delivery truck converted to a fire truck by the local garage served the town. Many of the vehicles used for fire protection over the last 50 plus years were converted oil trucks, sewage trucks, and utility company trucks in an attempt to keep the costs low. Their costs were low, but there was always a penalty in reliability, functionality, and safety. Luckily today, the town has seen fit to support the department with modern functional equipment to allow for the most efficient and effective services.

The Fire Department has historically depended upon tank trucks to supply water for fire fighting. In recent years, the growth of a local private water company has led to a larger portion of the town having the added protection of municipal water system hydrants. As new developments continue to add to the town's growth, the continuing support of the planning board and local builders has allowed for further expansion of this important and valuable fire protection water system. Unlike many of our neighboring communities, Atkinson has been fortunate and unique in having this system available for fire protection use.

The Fire Department's continuing leadership role in fire prevention has contributed to a low level of fire losses, while also controlling department operating costs. An active fire inspection bureau has focused much attention on improving building safety codes while leading an excellent fire prevention education program in the public and private schools.

As we enter the new century, the citizens of Atkinson will hopefully continue their ongoing support and appreciation for the excellent services that its Fire Department provides. And the volunteer firefighters and EMTs will also continue to share an appreciation of the support shown to them by the town's continuing financial and moral support. It is this mutual support and respect that will contribute to the continuing success of Atkinson and its Fire Department.

BOARD OF SELECTMEN

The millennium is here and we survived Y2K.

The Board of Selectmen look forward to a good year with a tax rate that is lower than most surrounding towns. We anticipate continued growth and fiscal stability. This can be attributed to proper planning, dedicated employees, hard working committee members, and relentless volunteers.

During 1999 improvements have been made to Providence Hill Road, West Side Drive, and portions Maple Avenue. We have established a Joint Loss Management Program/Safety Committee, and the Conservation Commission has purchased additional conservation land for the Town.

The new Fire Station is scheduled for completion by the spring, and we can look forward to the Dow Common becoming the signature of our community.

The 1999 Town Report is dedicated to the many volunteers, past and present, who are or have been a member of the Atkinson Fire Department. As you review this list, you probably will find the name(s) of a relative, a friend, a neighbor, or a co-worker on the rolls. Perhaps you may even be encouraged to add your own name to this elite list.

As the Town of Atkinson grows, those who unselfishly give back to their community by becoming involved clearly make a difference.

I have been a Selectman for twelve years, and I am a strong believer in being part of the solution.

On behalf of the Board of Selectmen, I would like to take this opportunity to thank all of the employees, volunteers, and residents who worked so hard to make our year so successful.

Respectfully submitted.

Joseph DeRosa
Board of Selectmen, Chairman

Town of Atkinson

&

Budget

STATE OF NEW HAMPSHIRE

TOWN OF ATKINSON

2000 Town Meeting Warrant

To the inhabitants of the Town of Atkinson in the County of Rockingham in said State, qualified to vote in Town Affairs –

You are hereby notified to meet at the Dyke Auditorium of Atkinson Academy on Saturday, the twelfth day of February next, at ten o'clock in the forenoon to deliberate upon the articles included in the warrant.

You are also notified to meet on Tuesday, the fourteenth day of March, 2000, at 7:30 o'clock in the morning in the Atkinson Community Center, to vote by official ballot on the election of town officials and on all warrant articles. By vote of the Selectmen, the polls for the meeting will remain open from 7:30 o'clock in the forenoon until 8:00 o'clock in the evening.

Article 2000-1. **Choose all necessary officers for the coming year.**

Article 2000-2. ***Zoning - Wireless Communications Facilities***
Proposed new Zoning Ordinance to establish regulations for the siting of Wireless Communication Facilities (WCF), within the Town of Atkinson while balancing the interest of Residents, Telecommunications Providers and their Customers, and ensuring coordinated development that minimizes adverse impacts.

Wireless Communications Facilities

Purpose:
The purpose of this Article is to establish regulations for the siting of Wireless Communications Facilities (WCF), within the Town of Atkinson, while balancing the interests of Residents, Telecommunications Providers and their Customers, and ensuring coordinated development that minimizes adverse impacts.

Applicability:

A. The terms of this article shall apply to WCF proposed to be located on Town property, on privately owned property, and on property owned by any other governmental entity.

B. WCF shall not be considered essential services, infrastructure, nor public utilities as defined or used elsewhere in the Town's ordinances and regulations. Siting for WCF is a use of land, and as such is subject to the Town's zoning ordinance and other applicable regulations.

C. This Article shall not govern any tower or installation of any antennae that is owned and operated by a federally licensed amateur radio operator when the tower or antennae is used for the exclusive purpose of amateur radio operations.

District Regulations and Siting Standards

A. All new WCF installations shall be subject to Planning Board Site Plan Approval. Applications for collocation of antennae on existing facilities shall be expedited unless there is additional impact on the site. All WCF installations will require a Building Permit.

B. WCF, which utilize towers, are a permitted use in the Industrial Zone.

C. WCF, which utilize Alternative Facilities and Technologies, may be permitted in all Zones.

D. Collocation is encouraged.

E. Height, tower facilities: must be less than 200 feet above the average existing ground level adjoining the structure

F. Height, alternative facilities: May be permitted to increase the height of existing structures no more than 20 feet. This increase shall only be permitted once for each structure.

G. Setbacks, Tower facilities: All towers shall comply with the building setback provisions of the zoning district where located.

H. Fall Zone, Tower facilities: The minimum distance from the base of a tower to any property line, roadway, dwelling, business, institution, recreation area, parking area or other public area shall be at a minimum, the distance equal to the height of the facility.

Lighting, Signage, Security

A. Lighting

1. WCF shall be lighted only if the FAA requires for navigational purposes.
2. Lighting for equipment shelters shall be shielded from abutting properties.

B. Signage: Signs shall be limited to those required for cautionary and advisory purposes. No logos, banners, flags or combinations of paint colors associated with corporate identification will be allowed.

C. Security: WCF Towers shall be surrounded by a security barrier.

Abandonment

Each commercial carrier who receives approval for a WCF shall post financial surety (bond, letter of credit, or cash escrow account) to guarantee that the facility will be dismantled and removed, within 90 days of notice from the Town, when the facility is no longer being used (after 1 year of non use) for the wireless communications purposes for which it was originally permitted.

Severability

The invalidity of any subsection or provision of this Article shall not invalidate any other subsection or provision thereof.

Associated Definitions to be inserted in Zoning Article III, Section 300:1.

Alternative Facilities and Technologies. Innovative siting techniques for use with WCF, such as clock towers, bell towers, steeples, light poles and similar alternative design mounting structures which conceal the presence of antennae; also utility pole and cable based technologies.

Carrier. A Company that provides personal wireless services, also referred to as a provider.

Collocation. The placement of more than one antenna on a supporting structure.

Tower. A structure, which is designed and constructed to support one or more antennae, used by commercial wireless telecommunications facilities, and includes all appurtenant devices attached to it.

Wireless Communications Facility. Any structure, antenna, tower or other device used to provide a discrete commercial telecommunication service by a single provider to a broad base of unrelated users, generally including, but not limited to: cellular telephone, personal communications services, specialized mobile radio, and paging.

Recommended by Planning Board

Article 2000-3. ***Zoning Amendment Section 700:2a***

Amendment to the Zoning Ordinance Section 700:2a to require seasonal conversion documentation to be reviewed by the town's health officer as opposed to a consulting engineer and delete the text "assigned by the Planning Board at the applicants expense".

Existing Section 700:2a:

a. A review by a consulting engineer(s) assigned by the Planning Board at the applicant's expense.

Amended Section 700:2a to read as follows:

a. A review by the Health Officer.

Recommended by Planning Board

Article 2000-4. ***Zoning Correction***

Amendment to Zoning Ordinance Article XI, Section 1100:1 Penalty to replace the existing noted RSA to the correct referenced RSA 676:17.

Recommended by Planning Board

Article 2000-5. ***Zoning Amendment – new definitions***

Amendments to the Zoning Ordinance to establish new definitions describing "lots" or change an existing definition for clarification.

Existing definition F3 Frontage

*F3 **FRONTAGE** shall mean the length of the lot bordering on the public right of way.*

Replace with new F3 Frontage

F3 **FRONTAGE.** The length of the front lot line. For a corner lot, frontage shall mean the combined length of the contiguous lot lines bordering on right-of-ways.

New definitions:

L6 **LOT CORNER.** A lot abutting two or more right-of-ways at their intersection or upon two parts of the same right-of-way that forms an interior angle of less than one hundred thirty five (135) degrees. For a corner lot in a residential zone, the minimum depth of yard from every lot line bordering a right-of-way shall be the depth of yard required for front yards along that right-of-way.

L7 **LOT DEPTH.** The shortest distance measured from the front lot line to the rear lot line. For lots where the front and rear lot lines are not parallel, the lot Depth shall be measured by drawing several evenly separated lines from the front to rear lot lines, at right angles to the front lot line, and averaging the length of these lines.

L8 **LOT LINE.** Any line which separates a lot from any other lot, land or right-of-way.

L9 **LOT LINE, REAR.** The lot line which most nearly qualifies as the line most distant and opposite from the front lot line. If the rear lot line is not a straight line, then for the purpose of this ordinance, other lot dimensional requirements dependent on the rear lot line shall be measured from a straight line located completely within the lot area and parallel to a line joining the two points where the side lot lines intersect the rear lot line.

L10 **LOT LINE, SIDE.** Any lot lines other than the front lot line or the rear lot line.

L11 **LOT LINE, FRONT.** The one lot line that divides a lot from a right-of-way. If the front lot line is not a straight line, then for the purpose of this ordinance, other lot dimensional requirements dependent on the front lot line shall be measured from a straight line located completely within the lot area and parallel to a line joining the two points where the side lot lines intersect the front lot line.

L12 **LOT, THROUGH.** Shall mean a lot bounded on two non-adjacent sides by right-of-ways, provided however, that if any lot qualifies as being both a "lot, corner" and a "lot, through" as herein defined, such lot shall be deemed a "lot, corner" for the purpose of this ordinance. For a through lot in a residential zone, the minimum depth of yard from every lot line bordering a right-of-way shall be the depth of yard required for front yards along that right-of-way.

Y1 **YARD, FRONT.** Shall mean a yard extending across the full width of a lot between the front lot line and the nearest point of any building on the lot and the "Minimum" front yard means the minimum depth of a front yard on a lot between the front lot line and the nearest point of any building on the lot.

Y2 **YARD, REAR.** Shall mean a yard extending across the full width of a lot between the rear lot line and the nearest point of any building on the lot and the "Minimum" rear yard means the minimum depth of a rear yard on a lot between the rear lot line and the nearest point of any building on the lot.

Y3 **YARD, SIDE.** Shall mean a yard extending from the front yard to the rear yard of a lot between a side lot line and the nearest point of any building on the lot and the "Minimum" side yard means the minimum width of a side yard on a lot between a side lot line and the nearest point of any building on the lot.

Recommended by Planning Board

Article 2000-6. ***Zoning Amendment to Building Code Ordinance***

Amendment to the Building Code Ordinance which updates the required building codes to the latest BOCA Basic/National Building Code, 1999 Edition (excluding Section 1014.6 Treads & Risers); National Electrical Code 1999 Edition, NFPA 70; and add the International One and Two Family Dwelling Code, Edition 1998 (excluding Section 314.2 Treads & Risers).

Recommended by Planning Board

Article 2000-7. ***Zoning – Amendment to 700.1***

By Petition: To see if the Town will vote to adopt the following Amendment to the Zoning Ordinance.

Amend Section 700.1 to add the following language:

700:1 F OTHER NON-CONFORMING USES

Uses which have existed for at least 20 years under continuous common ownership, but which have not been defined under Article III as uses which predated this ordinance or any predecessor ordinance, shall be granted a special exception by the Zoning Board of Adjustment under the following findings and conditions:

a. There shall be no previous cease and desist order issued by the Town or any State or Federal Agency.

b. The use shall have been open and discoverable.

c. No enlargement or expansion of the use shall be permitted.

d. A certified survey plan depicting the location of all improvements shall be filed with the Zoning Board of Adjustment and the Planning Board within 30 days of the granting of the Special Exception, the purpose of which shall be to establish the exact nature and extent of the non-conforming use.

e. The use shall cease upon the sale or transfer of the property, unless then permitted by the Zoning Ordinance, or a variance shall be obtained.

Recommended by Planning Board

Article 2000-8. ***Library Bond***

To see if the municipality will vote to raise and appropriate the sum of One Million Eight Hundred Twenty-five Thousand Dollars ($1,825,000.00) for the construction and original equipping of a new Library building, and to authorize the issuance of not more than One Million Eight Hundred Twenty-five Thousand Dollars ($1,825,000.00) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. (3/5 ballot vote required for SB2)

Recommended by Board of Selectmen
Not Recommended by Budget Committee

Article 2000-9. ***Operating Budget –***

"Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling Two Million Seven Hundred Eighty-two Thousand Five Hundred Twelve Dollars ($2,782,512.00). Should this article be defeated, the operating budget shall be Two Million One Hundred Seventy-one Thousand Eighty Five Dollars ($2,171,085.00), which is the same as last year, with certain adjustments required by previous action of the Town or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only." NOTE: This warrant article (operating budget) does not include appropriations in ANY other warrant article.

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-10. ***Build-out Study from Planning Board***

Shall the Town authorize the Planning Board to contract for a Build-out Study and raise and appropriate the sum of One Dollar ($1.00) for this purpose? The purpose of this study is to show the remaining development potential. This information will allow the Town to adequately plan for infrastructure and services for the projected population. This article is in addition to Warrant Article 2000-9, the operating budget.

Not Recommended by Board of Selectmen
Not Recommended by Budget Committee

Article 2000-11. ***Christine Drive***

Shall the Town raise and appropriate the sum of Eighty-seven Thousand Nine Hundred Twelve Dollars ($87,912.00) to reconstruct 0.37 miles of Christine Drive to a width of 22 feet? All work will be done under the supervision of the Road Agent. This article is in addition to Warrant Article 2000-9, the operating budget.

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-12. ***Devonshire Road***

Shall the Town raise and appropriate the sum of One Hundred Eighteen Thousand Eight Hundred Dollars ($118,800.00) to reconstruct 0.50 miles of Devonshire Road to a width of 24 feet? All work will be done under the supervision of the Road Agent. This article is in addition to Warrant Article 2000-9, the operating budget.

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-13. ***Leroy Avenue***

Shall the Town raise and appropriate the sum of Thirty-five Thousand Six Hundred Forty Dollars ($35,640.00) to reconstruct 0.15 miles of Leroy Avenue to a width of 24 feet? All work will be done under the supervision of the Road Agent. This article is in addition to Warrant Article 2000-9, the operating budget.

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-14. ***Selectmen – Pay increase***

To see if the Town will vote to increase the Selectmen's salaries as follows: Members from $2,500 to $3,250 annually: chairmen from$3,000 to $3,900 annually.

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-15. ***Fund Request***

Shall the Town raise and appropriate the sum of One Thousand Five Hundred Dollars ($1,500.00) to support the services of the Greater Derry Community Health Services, Inc.? This article is in addition to Warrant Article 2000-9, the operating budget article.

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-16. ***Dow Common – Landscaping – Town Identity***

By Petition: "Shall the town raise and appropriate the sum of Three Thousand Dollars ($3,000.00) to develop a suitable plan and design for the expanded Dow Common and environs?" This article is in addition to Warrant Article 2000-9, the operating budget article.

Recommended by Board of Selectmen
Not Recommended by Budget Committee

Article 2000-17. ***Support of State-level Funding of Land Conservation and Historic Preservation***

"To see if the Town will vote to send the following resolution to the New Hampshire General Court: Resolved, New Hampshire's natural, cultural and historic resources in this town and throughout the state are worthy of protection and, therefore, the State of New Hampshire should establish and fund a permanent public/private partnership for the voluntary conservation of these important resources."

Not Recommended by Board of Selectmen

Article 2000-18. ***CRF-ACT***

To see if the town will vote to raise and appropriate Twenty Thousand Dollars ($20,000.00) to be deposited into the Atkinson Community Television CRF, and to accept up to Twenty Thousand Dollars ($20,000.00) from Adelphia from Franchise Agreement. (Effect on Tax rate $0)

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-19. ***Public Sale of Town Property***

Shall the Town authorize the Selectmen to dispose of town owned equipment and items, which are no longer in use, by the town, by public sale, bid or trade. All monies will be returned to the General Fund.

Recommended by Board of Selectmen

Article 2000-20. ***Curbside Recycle***

Shall the Town vote to establish a Curbside Recycle program commencing January 1, 2006. Curbside Recycle will be scheduled for every other week collection and will utilize bins. The recycle center will remain at its present location.

Not Recommended by Board of Selectmen

Article 2000-21. ***Computer Networking/WAN***

Shall the Town approve a computer-networking/technology infrastructure plan, which will link Town Hall departments to each other and will enable computer access through the Internet. Shall the Town raise and appropriate the sum of Fifteen Thousand Dollars ($15,000.00) for the 2000 fiscal year, such sum representing the first year costs attributable to the purchase of new or upgraded software programs and necessary hardware to support the Wide Area Networking? This article is in addition to Warrant Article 2000-9, the operating budget article.

Recommended by Board of Selectmen
$5,000 Recommended by Budget Committee

Article 2000-22. ***Cemeteries – Section 4***

To see if the Town will vote to raise and appropriate the sum of Twenty-six Thousand Five Hundred Dollars ($26,500.00) for the purpose of developing section IV of the cemetery, which will include approximately 1,150 feet of graveled lanes and the addition of new grave sites with necessary landscaping? This article is in addition to Warrant Article 2000-9, the operating budget article.

Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-23. ***Community Center – Parking lot paved.***

Shall the Town raise and appropriate up to the sum of One Dollar ($1.00) to pave a 30,000 square foot area at the Community Center? The expanded paved area will be used to accommodate a handicapped parking area, increased parking spaces that will be striped and an area to be used for a full-sized basketball court and ice skating rink. All work to be done under the supervision of the Road Agent. This will be a non-lapsing account per RSA 32:3, VI and will not lapse until the municipal improvements are completed or in two years, whichever is less. This article is in addition to Warrant Article 2000-9, the operating budget article.

Article 2000-24. ***Community Center – Update kitchen.***

Shall the Town raise and appropriate up to the sum of Nine Thousand Dollars ($9,000.00) to renovate and upgrade the facilities at the Community Center, including the kitchen plumbing and ventilation and ceilings in the meeting rooms (install suspended ceiling panels)? The present plumbing system is unsanitary. The ceilings have suffered water damage over the years and an overhead sprinkler system was installed in the large meeting room, which needs to be enclosed. This will be a non-lapsing account per RSA 32:3, VI and will not lapse until the municipal improvements are completed or in two years, whichever is less. This article is in addition to Warrant Article 2000-9, the operating budget article.

Not Recommended by Budget Committee

Article 2000-25. ***Pope Field – Fencing.***

Shall the Town raise and appropriate up to the sum of Ten Thousand Dollars ($10,000.00) to provide additional fencing at Woodlock Park (Pope Field)? The new baseball fields and the renovated soccer fields must be fenced in to prevent continued damage from unauthorized vehicles, including cars, trucks, four-wheelers and dirt bikes that drive across these areas. This will be a non-lapsing account per RSA 32:3, VI and will not lapse until the municipal improvements are completed or in two years, whichever is less. This article is in addition to Warrant Article 2000-9, the operating budget article.

Article 2000-27. *AFD CRF Change*

To see if the municipality will vote to change the purpose of an existing Fire Department Capital Reserve Fund from "construct facilities for the Fire Department" to "acquiring fire equipment and vehicles as determined by the Fire Department"? (2/3 vote required)

Recommended by Board of Selectmen

Article 2000-28. *AFD CRF*

Shall the Town raise and appropriate the sum of Twenty-five Thousand Dollars ($25,000.00) to be added to the Fire Department Capital Reserve Fund established for the purpose of acquiring fire equipment and vehicles as determined by the Board of Engineer's capital plan. This article is in addition to Warrant Article 2000-9, the operating budget article.

$75,000 Recommended by Board of Selectmen
Recommended by Budget Committee

Article 2000-29. *Conservation Administrative costs*

"Shall the Town authorize the deposit into the Conservation Fund 97% of the revenues collected pursuant to RSA 79-A (The Land Use Change Tax) in accordance with RSA 36-A:5 III, as authorized by RSA 79-A:25 II, and furthermore authorize the deposit of the remaining 3% of the revenues collected pursuant to RSA 79-A into the General Fund to be used to pay for any expenses incurred in the collection of said revenues? This would constitute a change from the current procedure, under which all appraisal and administrative costs incurred in the collection of the Land Use Change Tax are paid from the general operating budget, and 100% of revenues collected pursuant to RSA 79-A are deposited directly to the Conservation Fund."

Recommended by Board of Selectmen

Article 2000-30. *Dispose of Police Cruiser*

To see if the Town will authorize the Selectmen to dispose of one of the Police Departments police cruisers, by bid, trade or sale.

Recommended by Board of Selectmen

Article 2000-31. *No Hunting*

By Petition: WHEREAS, there have recently been two hunting incidents in Atkinson where hunters' bullets have shot into homes on Pine Knoll Drive and Robie Lane, narrowly missing children, and

WHEREAS, it is totally unacceptable for any Atkinson resident to be in harm's way because of hunting in a town as built up as Atkinson is, and

WHEREAS, certain parcels of town-owned land directly abut on to residential house lots where town residents and their children live,

WHEREAS, Atkinson has many hundred of acres of privately owned land and town-owned parcels away from residential areas where hunters are free to hunt without putting any Atkinson resident in harm's way, and

WHEREAS, there are 59 open-space parcels of town-owned land in town and this petitioned warrant article only seeks for safety reasons, to ban hunting on the 14 town-owned parcels which directly abut lots with homes on them, and

WHEREAS, the Department of New Hampshire Fish and Game has stated that a town may legally post "No Hunting" signs on town-owned land, and

WHEREAS, after two incidents of hunters shooting into Atkinson homes, the town has a responsibility, if not a liability responsibility, to take steps to protect residents in high-risk areas,

We, the undersigned Atkinson residents request that the Town vote to see whether the Town will raise and appropriate Zero Dollars ($0) for the purchase of "NO HUNTING" signs and to post the "No Hunting" signs on the following 14 parcels of town-owned lands which directly abut residential lots:

Parcel 2 on Tax Map 12 (Chadwick land) which abuts the Pope Road Recreation Area and homes on Pope Road, and Hoyt Circle.

Parcel 4 on Tax Map 4, which abuts the Pope Road Recreation Area. and house lots on Old Coach Road and Hovey Meadow Road,

Parcel 108 on Tax Map 3 (Cirome land), which abuts house lots on Sawyer Avenue and Meadow Lane;

Parcel 19 on Tax Map 3, (Bonin land) which abuts house lots on Sleepy Hollow Road, Forest Road, Juniper Lane, and North Broadway,

Parcel 11 on Tax Map 4, (Sawyer land), which abuts house lots on Sawyer Avenue and lower Main Street,

Parcel 48 on Tax Map 5 (Trinity House Camp land) which abuts the Atkinson Community Center, the condos in Bryant Woods and homes on Robie Lane.

Parcel 12-1 on Tax Map 16 (Judge Robert Marshall land), which abuts homes on Deer Run Road and Oak Ridge Drive,

Parcel 50 on Tax Map 4 (Ruth McPherson land) which abuts homes on lower Main Street,

Parcel 53 on Tax Map 2, which abuts house lots on Brushwood Drive,

Parcel 34-10 on Tax Map 9 (Summers Donation), which abuts homes on Washington Road and Wason Lane,

Parcel 18 (Chambers-Fila land) and 33 (Crown Hill Trust land on Tax Map 19, which abut house lots on Crown Hill,

Parcel 61 on Tax Map 19, (Noyes land) which abuts homes on Crown Hill and Pine Knoll Drive,

Parcel 62 on Tax Map 19, (Hanson-West parcel), which abuts homes on Pine Knoll Drive and Crystal Hill Road.

Article 2000-36. ***Oil Collection Center***

To see if the Town will vote to establish a Used Oil Collection Center at the Recycle Center and to raise and appropriate the sum of Zero Dollars ($0) to fund the start up cost of this project. The NHDES Used Oil Collection Center Grant will reimburse the cost of the initial start up to the Town through the "gift grant" offered. This article is in addition to Warrant Article 2000-9, the operating budget article.

$2,500 Recommended by Board of Selectmen
Not Recommended by Budget Committee

Article 2000-37. ***Amendment to COE***

Shall the Town adopt the following amendment to the Atkinson Code of Ethics Ordinance as proposed by the Atkinson Code of Ethics Committee? This amendment would clarify the intent of the Code of Ethics Ordinance.

Proposed change is as follows:

Section I, Paragraph C

First sentence – delete the word "other" and replace with "Town, Federal, State, or County"

First sentence to read: "No member of the Code of Ethics Committee shall hold any Town, Federal, State, or County elective or appointed office, board membership, commission membership or trusteeship."

Recommended by Board of Selectmen

Article 2000-38. ***Amendment to COE***

Shall the Town adopt the following amendment to the Atkinson Code of Ethics Ordinance as proposed by the Atkinson Code of Ethics Committee? This amendment will correct confusing phrasing and the limited value of acceptable gifts is covered in Section V. Prohibited Conduct. Paragraph A (9).

Proposed change is as follows:

Section VI, Exclusions, Paragraph A

Delete the following: "Unsolicited advertising or promotional items or materials of nominal intrinsic value such as pens and calendars; unsolicited consumable (excepting alcohol beverages) items including flowers that are donated to an entire group and are consumed or eaten on the premises."

Not Recommended by Board of Selectmen

Article 2000-39. ***Amendment to COE***

Shall the Town adopt the following amendment to the Atkinson Code of Ethics Ordinance as proposed by the Atkinson Code of Ethics Committee? This amendment will provide a clearer understanding of the intent of Section VIII under the Code of Ethics Ordinance.

Proposed change is as follows:

Section VIII, Distribution of Code of Ethics Ordinance

Delete the paragraph "Each member and employee elected, appointed or engaged shall be furnished with a copy of this Code of Ethics before entering upon the duties of office or employment. Failure to furnish a copy of this code shall not be grounds for relief from observing the requirements of this code.

Add paragraph "A. Each member and employee, as defined in Section IV. Definitions shall be furnished with a copy of the Code of Ethics Ordinance including amendments and changes prior to assuming their respective duties of office or employment. Copies of the Code of Ethics, amendments and changes can be obtained from the Town Clerks Office."

Add paragraph "B. Failure to be furnished or obtain a copy of the Code of Ethics Ordinance with amendments and changes shall not be grounds for relief from observing and compliance with the ordinance, amendments, and changes."

Recommended by Board of Selectmen

Article 2000-40. ***Expense exceeding $25,000.***

By Petition: To see if the Town will vote to adopt the following policy. Any capital expense exceeding the amount of $25,000.00 (Twenty-five Thousand Dollars) be placed as an article on the Annual Town Warrant instead of the operation budget for the various departments. The only exception to this policy shall be the appropriation for Police Emergency vehicles. The intent of this warrant article is to allow the Town Taxpayers to make decisions on how capital expenses are to be spent.

$1,000 Not Recommended by Board of Selectmen

Article 2000-41. ***Reimbursement of Legal Fees.***

By Petition: "To see if the Town will direct the Atkinson Board of Selectmen to reimburse Atkinson Conservation Commission member Mrs. Carol Grant her legal fees in the amount of Seven Thousand Six Hundred Forty-nine Dollars ($7,649.00) just as they have already paid the legal fees of the other Conservation Commission members." Department

&

Committee

Report

ATKINSON FIRE DEPARTMENT
ANNUAL REPORT

The growth of the community has kept the Fire Department very busy this year. Throughout 1999 the members have accumulated over 6,000 hours in training and responding to emergency calls. The number of incidents also increased from 342 in 1998 to 432 in 1999.

The workload of the fire inspectors has dramatically increased with the continued amount of new development throughout the town. The dedicated medical and fire personnel continue to work very hard to maintain a high level of expertise. They have spent many volunteer hours in training for medical and fire emergencies and stand ready to assist the public when the need arises.

Last year the community voted to construct a new fire station. We are very grateful to the overwhelming support that we received to complete this building project. The new facility will not only serve the needs of the town today, but also will continue to serve the needs of the community for the foreseeable future. A special thanks to Captain John Rockwell (former Chief) for spearheading the development of our new state of the art station. With his dedication to detail, we now have a facility that not only suits the needs of the department, but also fits well into the town center.

We would like to thank not only the community support but the support of the Building Needs Committee, who diligently worked to make sure that this building was designed and built to adequately serve the needs of the town and for their continued vigilance throughout the process.

As the new millennium is now upon us we will continue to maintain our equipment and train our personnel to meet the changing needs of the future. We would like to continue to be an all-volunteer department. However, the number of available people applying is decreasing, if you feel you could help in any way please contact the fire department.

In closing I wish to thank all the townspeople for their continued support and to all the members that have dedicated their time to the protection of life and property within our community. I also look forward to a continued working relationship with the members of our town government.

Respectfully submitted,

Michael E. Murphy, Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the state of New Hampshire are misdemeanors punishable by fines of up to $2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Divisions of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1999 fire season was a challenging but safe year for wildland firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months combined with residual effects of 1998 Ice Storm, resulted in a dramatic increase in wildland fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. A wildland fire in the urban interface is a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Please contact your local fire department before doing **ANY** outside burning.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!

ATKINSON POLICE DEPARTMENTS
1999 TOWN REPORT

Overall, 1999 was a relatively quiet year. Crime has been at an all time low. With all of the new developments going on there was a demand to pay close attention to job sites as building materials seemed to be in great demand, especially if these materials were taken at no charge. The Police Department is pleased to be awarded the Governors Circle Award of partnership with the Academy School. This award was for the Police Departments involvement with the children in the elementary grades at the Atkinson Academy.

As you are quite aware, our agency has experienced a considerable turnover in full-time personnel over the past several years. One of the major reasons we are experiencing this turn over is due to the low wages and for all intentional purposes a non-existent benefit package. We must be in a position to at least be competitive with the surrounding towns to keep good quality officers on board. Almost all departments provide dental, long and short-term disability and a group retirement plan. Until our agency is brought up to speed with our surrounding towns we will continue to experience a larger than normal turn over rate.

Through the efforts of our officers, especially Officer Anderson, we have been able to continue to expand our senior citizen program. The Recreation Committee has done a terrific job in putting in place many new programs for our seniors at the Community Center. The Police Department will continue to supply the manpower and resources to our seniors to make our programs the best in Rockingham County.

Since we are going into the new millennium. I would like to give you a brief overview of how we have progressed over the past thirty years. Until 1976, the town of Atkinson had no official police cruisers. When an officer went on a limited patrol he was forced to use his or her privately owned vehicle. We only had small hand held portable radios that provided a very limited distance for communications. In 1976 we purchased our first police cruiser, and outfitted it with radios and even a prisoner's cage. We presently have 4 fully outfitted police cruisers and also have a full size pick up truck that was outfitted to be the departments' D.A.R.E. vehicle. This truck is a 4-wheel drive unit and is used in major snowstorms.

The force in 1970 was comprised of all part-time officers and had a force of about 15 officers on its roster. Police coverage was provided on a stand by basis except for Friday and Saturday nights when we were allowed to patrol for 4 to 6 hours per night. At the present time the town provides 24 hours a day active patrol coverage seven days a week and we employ 4 full-time police officers and 20 part-time officers.

We operated out of the old Central School House which was built in 1830 until 1994 when the town purchased the old Rockwell School House and refurbished it into a modern police station with its own holding cell. This building now houses our own dispatch center, which operates 46 hours per week. Our dispatch hours are: Monday through Friday from 8:00 a.m. until 4:00 p.m., Monday nights from 7:00 p.m. to 9:00 p.m., and Saturday mornings from 8:00 am until 12 noon. Our after hour dispatching services are provided by the Plaistow police department.

I have in the past, and will continue in the future, to make myself available to any Atkinson resident. I can be reached through the police department at 362-4001 or at my home at 362-5627. All members of the police department are dedicated to providing the residents of Atkinson with the most efficient and professional police services possible.

Please drive defensively, love and respect thy neighbor, and make 2000 a safe, memorable, and enjoyable new year.

Respectfully submitted,

Philip v Consentino, Chief of Police

ATKINSON HIGHWAY DEPARTMENT

ANNUAL REPORT

1999 was a wonderfully hectic year. First of all, winter started late and ended late. We were still pushing snow around well past April Fool's Day. This is also the time of year which is budget season, that includes budget presentations, public hearings, town meeting and elections. I would like to thank the board of Selectmen and the Budget Committee for working with me to get the budget and warrant articles approved. I would also like to thank the voters for approving the budget and warrant articles and extending my tenure by two more years. My family and I are truly grateful.

This brings us up to construction season. Busby Construction was awarded the bids for rehabilitating Westside Drive and half of Providence Hill Road. These projects moved along quickly and with the quality I have come to expect from the Busby Family and their crews. I would like to thank Busby Construction once again for work well done.

Lewis Builders rehabilitated the first half of Providence Hill Road. Lewis Builders donated this work as a gift. I cannot thank Mr. Peter Lewis and his crew enough for all their quality work.

Paving was the next big item on the agenda. Continental Paving Co. was awarded the bid, once again. The professionalism and workmanship this company presents is truly astonishing. They paved Providence Hill Road, lower Maple Avenue, Indian Ridge Road, Noyes Circle and a portion of Robie Lane as well as the cemetery road, the new FireHouse Parking lot and the new portion of Academy Avenue. The ability of Continental to deliver and place 3,000,000 pounds of hot top a day is truly amazing and they make it feel routine.

Paving and rehabilitation projects are what the drivers can feel, see, and appreciate easily, the other work that takes place is more routine but no less necessary, such as brush cutting, shoulder work drainage, mowing signage, project development and administration.

I would like to thank the people I work with that make all these aspects come together. Kevin Chabot and Chris Ryan are the two Highway Department employees that make my job much easier. I would also like to thank all the wonderful people who work at Town Hall, the selectpersons, the Planning Board, the Budget Committee and all the professionals that support them.

Thank you one and all for a wonderful year. We have accomplished a great deal.

Truly,

Edward A. Stewart
Road Agent

ADDENDUM

1950 -1970 changing from gravel road to surfaced road

1974 this was the first year we had a mechanical sander. Prior to this sand and salt was spread by hand from the back of trucks (a smelly labor intensive proposition) This was also the year we built our first town garage

1970-1980 Change from mix in place surface to the paved hot top we use today. This was also a time of growth. Greatly increased our mileage of road we maintain.

1980-1990 This was a time of maintenance.

Chip seals were popular. Atkinson Experiment with taking the control of road rehab from the Road Agent to a outside consultant. The result – the most expensive rehab in town history before or since.

1990-present Technology and lower oil prices greatly influence this time frame.

1. The town switched from chip sealing roads to hot top overlay (same cost, increased strength and driver approved)
2. Reclaim process improved dramatically lowering cost and decreasing flow of disruption.
3. Hot top cost lowered by over 30% due to lower oil cost.
4. Computerized town sander that lowers impact of chemical application.
5. The Town adopted a Capital Improvement Plan for the Highway System. If we follow that Plan, the Town should see:

    a. Flat tax impact from road rehabilitation.
    b. Less political debates over infrastructure.
    c. Every Town owned road in Atkinson would be rehabilitated or repaved by the year 2008 without a tax increase and without going into debt (bonding).

CABLE TV ADVISORY BOARD

As 1999 began, ongoing negotiations of a new cable franchise agreement between the Town and Harron Communications, our cable TV provider at the time appeared to be on track for a prompt conclusion. In April, however, Adelphia Communications Corporation announced its intention to purchase all of the cable TV operations of Harron Communications. At that point negotiations were suspended since neither Harron or Adelphia was in a position to execute a new franchise agreement until Adelphia's purchase offer was resolved one way or the other.

Under Federal law, this purchase required the approval of 85% of the affected local franchising authorities then being served by Harron. Atkinson joined with eleven other communities involved in the transfer to form the Southern NH Cable Consortium. The primary objective of the Consortium was to share resources, information, and ideas while minimizing the individual towns' legal expenses in completing the approval review process. It was also expected that by dealing with Adelphia in a unified manner that desired conditions and assurances could be more easily obtained. With the assistance of counsel expert in these matters, a series of meetings and legal conferences resulted in the execution of a bilateral transfer approval document that was acceptable to all of the towns involved. Adelphia's purchase of Harron was completed by the end of October 1999.

Adelphia has strongly represented itself as a major player in the cable business. It has stated that it shares the vision of many of the other larger operators that high-speed Internet access as well as telecommunications via cable is an essential part of the cable business of the future. We will strive to have that vision reflected in the franchise agreement now that we have resumed negotiations, this time with Adelphia.

Key provisions that we wish to have reflected in the new franchise agreement remain:

- Increased system bandwidth capable of supporting additional channel capacity as well as the latest interactive digital services such as high speed Internet access.
- Provision for increased support for Public, Educational, and Government (PEG) access.
- Periodic review of system capability during the life of the contract to assure that the technology provided by Adelphia remains on par with systems in other local communities.

The board has met twice with Adelphia officials and presented them with a draft franchise agreement. Progress towards a final agreement continues. We all look forward to a successful conclusion of our negotiations with a franchise agreement that will meet both the current and future needs of all the residents of Atkinson.

The board wishes to thank all of those residents who have responded to our requests for input and to encourage all of you to continue to do so.

Respectfully submitted,

Sanford Carter

BUILDING NEEDS COMMITTEE

The Building Needs Committee is not an elected committee, but appointed by the Selectmen. First formed in 1984, their first work was helping with the New Town Hall. A plaque hangs in the Town Hall today listing the Selectmen and members. The building was dedicated in 1986, and the Grange Hall was removed the same year.

The next major project was the conversion of the former Rockwell School into the new Police Station, which was voted on in 1992. The building was dedicated in 1994. A plaque also hangs in the Police Station today listing the Selectmen and members of the committee.

The mandate to move the Town Garage became the first order of business in 1996. Work was continued to develop ideas for the Dow-Common Complex.

1997 began by seeking a solution to the problems of relocation of the Town Garage, Fire Station, and expansion of the Library. Three warrant articles were passed that year.

Atkinson's new Public Works Garage Facility was completed on time and within budget in 1998.

This year the Building Needs Committee is very pleased to report that the new Fire Station is under construction, and is scheduled for completion by this spring.

Minor work order changes have had to be dealt with. The Architect, Fire Department, and our committee working closely together accomplished this.

The project had some engineering problems. By hard work on the part of the committee these problems have been resolved to the best of our ability.

Adhering to the 1997-warrant article plan, we sent out a survey to get voter input on the library expansion needs. As a result of this survey, we found that a new library facility was favored over an addition by a two to one margin.

We have been meeting weekly with Architect Dennis Mires, the Library Trustees, and Director of Kimball Public Library. We have designed a new library of 10,300 square feet, which can accommodate the needs of the town now and well into the future.

I would like to take this opportunity to thank all of the committee members for their hard work and time spent this year.

All of the Building Needs Committee meetings are open to the public. We encourage interested persons to attend.

Respectfully submitted,

Richard B. Wood Sr.
Chairman

The Kimball Public Library

The Kimball Public Library continues to serve the increased needs of the Town. This past year brought many technological challenges which our Director; Mitchell L. Perlow was able to tackle successfully. In November of 1999 we bid farewell to Andrew Cannon, Chairman of the Trustees. We thank him for his many years of support for the library.

In 1999 library usage continued to tax the limits of the facility and the staff. In addition to print materials, CD's, videos, books on tape and DVD's, the Library also provides passes to various museums, and area attractions, sponsors adult and children's programs and events, and offers internet access for patrons. To meet patron demands we will be extending the hours of operation early this year.

Despite all of our plans, the greatest challenge currently facing the Library in the year 2000 and beyond is the lack of overall space. The need facing the Library is greater now than ever. We can not expand or make any improvements in our present facility and this precludes us from meeting the needs of our community.

The 2000 Warrant contains an article concerning an expansion project for the Library. After hours of studying the current facility, the site and the Library's needs with the Building Needs Committee and with Dennis Mires, The Architect, we determined that a new facility is the only viable solution for the Library. This project represents the most efficient and financially responsible solution to the needs the Library faces now and for the next twenty years. This project is affordable and we ask for your support so that the Library is able to continue to meet the needs of the Town.

We wish to thank all of our patrons, our staff and our volunteers for their continuing support of the Library. It is our greatest hope that in the future we are able to provide the Town with all the services that it requires and deserves.

Respectfully submitted,

Thea S. Valvanis
Kimball Public Library Board of Trustees

RECREATION COMMISSION – ANNUAL REPORT FOR 1999

Recreation activities are alive and well in our town! This year saw a continuance of several regular activities and the addition of some new and exciting programs.

Our trips included the Third Annual Family ski Trip to Mt. Sunapee, NH in February, Boston Spring Flower Show in March, Foliage trip to the White Mountains in October, outlet shopping in November, and the Boston Pops Matinee at UNH in December.

The annual Easter Egg Hunt at Atkinson Academy in April and the fishing derby in May on the pond at the Community Center attracted so many of our children and parents! The Memorial Day Parade was held on a "picture-perfect" Memorial Day. The sun shone, bands played, veterans marched and Atkinson residents came out in droves to pay tribute.

We joined forces this year with the Atkinson Women's Civic Club and The Atkinson Garden Club to co-sponsor the following events:

1. A Senior Luncheon was held in July at the Community Center. Sun 'n Fun counselors and campers served everyone. The Garden Club made floral centerpieces for door prizes.
2. Our annual Make-a-Difference Day program expanded this year to include a town-wide yard sale, sponsored by the Civic Club. Donations were collected at the Community Center all day and distributed to several needy charities.
3. Another Senior Luncheon was held in December at the Community Center. Volunteers served the lunch and the Timberlane Select Chorus performed a beautiful and moving program of holiday favorites! The Garden Club again donated beautiful centerpieces.
4. In December we also held a Tree-Lighting ceremony at the Community Center, complete with Santa Claus, carols and candy canes. The Civic Club served homemade cookies and hot chocolate. The snow didn't make an appearance but plenty of kids, with Mom and Dad in tow, did make it!

The summer Sun 'n Fun program continued to grow and expand. This year we invited our 6th, 7th, and 8th graders to participate for the first time in "Summer Fun - The Sequel". This program was held at the Community Center. It ran three days a week and provided opportunities to participate in community service projects, field trips, sports and games.

The Community Center is enjoying a new "lease on life" thanks to the efforts of Noriko Yoshida Travers, our new Recreation Coordinator. She has introduced a wonderful schedule of activities at the Center. She leads a daily walk club, card games, craft activities and much more. Monthly calendars listing the activities are available at the Town Hall and Community Center.

And finally – as promised last year, we are one step closer to a Community Band. Organizational meetings have been held, officers have been elected, a director has been hired and the instruments have been dusted off! The first practice took place in early January and we hope to hear from them very soon!

Most of these activities and programs would not be possible without the tremendous contributions of the many, many volunteers we are so lucky to have in Atkinson. Thank you to everyone for his or her unselfish donation of time and energy!

Respectfully submitted,

Cathy J. Thompson
Patricia A. Mangini

PLANNING BOARD

1999 Planning Board activity was steady.

The trend during 1999 has been towards small subdivisions, creating only one lot at a time, and shifting away from multi-lot subdivisions developed over the last couple of years. This is due to a variety of factors, including lot size regulations, wetland setback provisions, and land availability. We expect this "in-fill" trend to continue in the future. Another trend has been for single family homes to be developed under our Cluster regulations rather than on the traditional grid layout. We expect this to continue as well. The Planning Board is seeking funding to conduct a "build-out analysis" to show the remaining development potential. This information will allow the Town to adequately plan for infrastructure and services for the projected population.

Many thanks go to the Capital Improvement Plan sub-committee and in particular its Chairman, Paul DiMaggio for the dedicated time and work preparing this document. The committee has worked diligently through the year, interviewing Department Heads and discussing plans for the future, and into the next century. They are nearing completion, and will move toward having the plan presented to the Public and incorporate it into the 1998 Master Plan.

As we look to the future we plan to continue to enhance and clarify our Town planning and zoning regulations. On the whole we have accomplished a balance of development in Town that meets the desires of the citizens, as expressed over the years in various surveys. Improvements can be made, but we do not anticipate any major changes.

In closing, thanks to all the board members for their dedication and hard work during the year. It is imperative that we continue to seek talented, motivated, and willing folks to hold seats on all our volunteer boards. This is how our Town can grow, and yet be able to maintain the small town atmosphere.

The following is a list of Plans reviewed/approved during 1999:
Residential Subdivision Plans
Stickney Subdivision- two lot (1 non-buildable) residential Subdivision Plan on property (17.61 acres) with frontage located in Salem & Atkinson on Westside Drive.

Douglas Hubbell – two lot Residential Subdivision of 8.70A of land located at 10 Sawyer Avenue. Subdivision created one 2.38 acre lot leaving the balance with the existing dwelling.

Kenneth & Sydney Breeman two lot Residential Subdivision of 5.004A of land on Westside Drive, Subdivision created a new cul-de-sac 'Tranquility Way', with one 2.05 acre lot leaving balance with an existing dwelling. (unrecorded – contested)

Jesse Page Estates, Phase II - Lot Line Adjustment Plan and proposed 15 lot Residential Cluster Subdivision on a 52 acre parcel off Main Street and Pope Road.

Howard & Eva Rogers – two-lot Residential Subdivision of 5.86 acres on Providence Hill Road Subdivision created one 2.0212-acre lot leaving balance of land with an existing dwelling.

Settler's Ridge, LLC two lot Subdivision of a 6.76-acre lot at 25 Pope Road in the Settler's Ridge Project to create two separate lots. Proposed plan created one lot with 1.46 acres and left 5.30 acres with the existing 3 buildings (26 units).

Bryan and Paula Mello two lot Residential Subdivision of 13.86 acres at 44 Westside Drive. Subdivision created one 7.38-acre lot leaving balance with an existing dwelling.

Roman Catholic Bishop of Manchester three Lot Subdivision and Lot Line Adjustment located in Atkinson and Plaistow.

Lewis Builders Development Perimeter and Lot Line Adjustment on property located on North Broadway and Salem Road.

Centerview Hollow Land Co. and P. Lewis Lot delineation for common line between Centerview Hollow Condominium project and Map 13, Lot 9 Meditation Lane.

Charles & Claire Patuto; Barbara Caradonna and Robert & Kathleen Patuto Lot Line Adjustment Plan located on North Broadway, (withdrawn- new plan submitted)

Carriage Chase Realty Trust Amendment to Previously approved Plan 'Carriage Chase Estates' recorded 7/29/99 #D27356. Amendment is note change 'that the requirement that the homes shall be equipped with fire sprinklers will be waived in return for two additional fire hydrants, location to be approved by the Atkinson Fire Department'. Project owned by Carriage Chase RT and located off Little Rob Road, Map 9, Lots 62-1 thru 22.

Settler's Ridge, Inc. & Dean Howard for Plan dated August 1999 revision date October 8, 1999 for a Lot Line Adjustment between Map 12, Lot 1 off Pope Road (owner-Dean Howard) and Map 17, Lot 3, 151 Main Street (owner-Settler's Ridge, Inc.) adding acreage to Map 12, Lot 1 and reducing Map 17, Lot 3.

Daniel Johnson, Plaistow Consultants for Charles & Claire Patuto; Barbara Caradonna and Robert & Kathleen Patuto Lot Line Adjustment Plan dated October 15, 1999. Property located on North Broadway, Map 3, Lot 18 (owner-Charles & Claire Patuto); Map 3, Lot 16 (owner-Barbara Caradonna); Map 3, Lot 18-1 (owner- Robert & Kathleen Patuto) RR2/SCR zone.

Commercial Site Plans

First Start, LLC – Commercial Site Plan on 1.32 acre lot located at Island Pond Road and KipCam Road. Proposed 1 story retail building.

Salco Realty Trust – Amended Commercial Site Plan of property located on Industrial Way. Proposed one Used Car Sales and Towing Facility; one Repair Garage and Auto Body and Auto Repair Facility; and one Dry storage Building.

Sincerely,

Susan Killam, Vice-Chairman

ZONING BOARD OF ADJUSTMENT

Hearings during the 1999-year were concerned with requests for the following:

- Variances to the Atkinson Zoning Ordinance (14)
- Special Exceptions allowed by the Atkinson Zoning Ordinance (23)
- Administrative Appeals (1)
- Equitable Waivers (1)
- Rehearing requests (4)

THIS YEAR HEARING RESULTS WERE AS FOLLOWS:

Purpose of Hearing	Granted	Denied	Withdrawn
Variances to:			
Frontage	3		1
Wetland	7	3	
Signage	1		
Special Exceptions:			
Home Business:			
New	3		
Renewals	10		
Exemptions	1		
Conversions	3		
Accessory Living Unit	1		
Alt. of Non-conforming use	2		
Frontage Reduction	3		1
Appeal	1		
Equitable Waiver	1		
Rehearing	1	3	

**Records of all public hearings and decisions are maintained in the Zoning Board of Adjustment Office and available for public review.

Respectfully submitted,

Charles LeMay, Chairman

BUILDING INSPECTOR

1999! No construction slowdown in sight! Atkinson's total estimated building permit value was $19,619,153. Our low-moderate inventory increased to 42.

Resident Reminders:

1. Make applications for your building permit early! Inspectors are available Monday evenings – 7p.m. to 8:30 p.m. Applications must be reviewed and signed by all Inspectors and some applications may need Zoning Board review. This all takes time so plan ahead.

2. Projects other than ordinary repairs require a permit.

3. A complete set of plans is needed for all new homes/additions/decks/garages before a permit is issued.

4. Permits must be displayed on the job site.
   - **Reminder** – check your house number. Your property should be easily identified for speedy rescue and fire response.

1999 Building Permits issued were from the following:

TYPE	NUMBER OF PERMITS*
New Homes	50
Foundation	83
Condominiums	76
Garages	17
Additions	38
Alterations/Remodeling	40
Decks/Porches	20
Sheds	6
Pools	21
Barns	3
Re-roof	17
Commercial	8
Demolition	1
Greenhouses	0
Elderly Apartments	26
Temporary Mobile Home	1
Fire Station	1

*A list of the 1999 Building Permits is available in the Code Enforcement Office/Building Department for public review.

Atkinson Conservation Commission
1999 Annual Report

Again in 1999, the rapid pace of land development, and the increasing proximity of those developments to Atkinson's wetlands, kept the members of the Atkinson Conservation Commission busy in a variety of efforts to oversee and protect our town's natural resources. As an advisory panel to the Planning and Zoning Boards, we were called upon numerous times to examine plans for new developments and to provide opinions on many wetlands zoning variance requests. In addition, the Commission was kept busy with a variety of land conservation and community education projects.

The Commission would like to thank the townspeople who in 1999 rejected a petitioned warrant article and upheld the previous year's decision to allocate 100% of the Current Use Change Tax to the Conservation Fund. This decision clearly demonstrates that conservation of open space continues to be a top priority among the residents of Atkinson, and that they are willing to return back to the cause of land preservation what amounts to a significant windfall of tax revenue in these times of large-scale land development. We encourage all Atkinson citizens who care about the quality of their environment to continue to resist efforts to weaken allocation of the Current Use Change Tax for conservation purposes. As a result of this allocation, in 1999 alone over $276,581 was deposited to the Conservation Fund to be used exclusively in protecting open space.

We would also like to encourage all townspeople to examine closely and support the recommendations of the Planning Board's Capital Improvement Plan (CIP) Committee with regard to funding for open space preservation. In 1999, the Conservation Commission worked with the CIP Committee to determine future open space requirements and the future costs of securing protection of those lands. The results of these studies are found in the CIP Committee's final report, and we applaud the importance placed on conservation and land protection efforts by all the members of that Committee.

With regard to actual land conservation efforts, in 1999 the Commission began to take stock of its increasing financial strength and developed a plan of action for protection and/or acquisition of key land parcels throughout town. In addition to outright purchase at market value, other methods of open space protection include purchase at below-market value using matching funds, the purchase or donation of a conservation easement, or outright land donation. The action plan identifies several parcels having significant open space value and for which the Commission actually has some chance of obtaining protection in the near future. This list was reviewed and discussed with the Selectmen, and as it is continually modified and updated, will serve as a blueprint for land protection and wise use of the Conservation Fund resources in the near future. The Commission is always interested in talking with Atkinson landowners about the possibility of acquiring or protecting land parcels which are significant from an ecological and/or scenic perspective, and about the variety of financial arrangements and land use practices which can be mutually beneficial to both the owner/seller and to the Town.

In 1999, the Commission completed the purchase of two parcels of land (6.68 acres total) in or near the ecologically significant Sawmill Swamp from the Heirs of Lillian Lewis. We also accepted the donation of 7.7 acres of land in the Sawmill Swamp proper from George Lemery. At year's end, we were preparing to close on the purchase from the Marshall family of 31.5 acres of beautiful upland forest located between Oak Ridge Drive and Industrial Way, a significant acquisition in our plan to increase protected open space in that area of town. We were also working on obtaining a donation of land abutting the existing Slade Town Forest just north of the Settler's Ridge project.

In an effort to further inventory and catalog Atkinson's wetland resources, the Commission applied for and received assistance from a group of students in the University of New Hampshire

Natural Resources Department. Under the guidance of the Commission, a group of six UNH students spent the Fall semester studying and surveying the Sawmill Swamp using the New Hampshire Method, a standard procedure for the comparative evaluation of wetland complexes.. Their work culminated in the production of a written report and oral presentation to the Commission in early December. The Commission hopes to use this work and future similar efforts to develop a comprehensive inventory and management plan, including possible zoning changes, for all of Atkinson's significant wetlands.

Continuing our community outreach efforts for Arbor Day, in May the Commission handed out to townspeople 200 tree seedlings which are especially beneficial and attractive to wildlife for beautification of their own backyards.

In 1999, the Conservation Commission continued to follow the Town Forest management program by completing one forestry thinning and harvesting operation, and beginning the planning of another. Under the guidance of our forestry consultant, Mr. Phil Wilson, we successfully completed forestry work on the Chambers-Fila Town Forest in the northeast corner of town. After expenses, this operation brought $1,847.30 into the Conservation Fund. At year's end, as winter again approached and the frozen ground promised firm footing and minimal soils impact, we were preparing another thinning operation in the Sawyer Avenue Town Forest.

As the 21st Century and new millenium approaches, a short review of the history and accomplishments of the Atkinson Conservation Commission is in order. In addition to the following, the reader is also directed to the very detailed early history of the Commission written by Carol Grant which appears in "Atkinson Then and Now, 2nd Edition", currently available for purchase from the Atkinson Historical Society or on loan from the Kimball Public Library.

It almost went by unnoticed, but the 1999 Town Meeting actually marked the 25th birthday of the Atkinson Conservation Commission as we know it today. With passage of Article 23 at the 1974 Town Meeting, the Conservation Commission was formally established and Carol Grant was appointed as the first chairman. Its primary goals, as outlined in the 1974 Town Report, were "...acquiring open space and woodlands for the town and protecting Atkinson's wetlands." Today, the Commission operates under the auspices of New Hampshire RSA 31-A, which empowers the Conservation Commission to provide "for the proper utilization and protection of the natural resources and for the protection of watershed resources of said city or town." The Commission is the only local board specifically charged to protect the natural resources of the town, and as such provides a focal point within town government for environmental concerns. The Atkinson Conservation Commission serves as an advisory board to the NH State Wetlands Bureau and the Atkinson Planning Board and Zoning Board of Adjustment.

Under RSA 36-A, the Conservation Commission is charged with the following obligations:

1. Conduct researches into local land and water areas
2. Coordinate the activity of unofficial bodies organized for similar purposes.
3. Keep an index of all open space and natural, aesthetic or ecologically significant areas
4. Hold regular meetings and keep accurate records of meetings and actions.

In addition, the Conservation Commission may also do one or more of the following:

1. Investigate and make recommendations concerning dredge and fill permits on local lands.
2. Recommend a program for the protection or better utilization of all areas in the index.
3. Receive gifts of money and property, and acquire land and water rights, all in the name of the Town, and subject to the approval of the local governing body.
4. Manage Town Forest land.
5. Review and comment on sand and gravel excavation permits.
6. Prepare reports and maps for the local designation of prime wetlands under RSA 482-A:15.

During the first 10 years of its existence, the Commission made good use of matching funds from the Federal government coupled with below-market land sales and donations to acquire over half of all the conservation land, which we currently enjoy today. As the availability of Federal Funds began to dwindle in the 1980s, the Commission had to fall back on outright donations, or the use of other special funding mechanisms. One such program was the New Hampshire Land Conservation Investment Program (LCIP), which in 1990 enabled the Commission to acquire, under the leadership of Chairman Deborah Byers, almost 60 acres of the Trinity House Camp land as conservation land at practically no cost to the Town. Other parcels of conservation land have been obtained via tax sales, land swaps, or outright donation from such conservation-minded citizens as Philo Hutcheson, Jan Balazik, the heirs of Ruth A. Stickney, George Lemery, and most significantly, Ruth D. McPherson who donated outright over 28 acres of prime forest land (along with an even larger contiguous parcel of undeveloped land in Haverhill, MA). For this action, she was honored in the 1992 Town Report dedication.

Finally, no history of the Atkinson Conservation Commission can be complete without a mention of the tireless efforts of Chet Ladd, the Commission's second chairman and Town Forester for over 10 years. Chet played a significant role in all of the conservation land acquisition efforts, conducted and maintained extensively detailed deed research on all Town lands, and laid out, built, and maintained trails on all conservation lands. As Town Forester, he supervised the development of a comprehensive forest management plan, which is still in use today. The people of the Town of Atkinson, and the Conservation Commission in particular, will benefit from Chet's selfless work for years to come, work which was honored when the 1988 Town Report was dedicated to him.

The Atkinson Conservation Commission is always seeking new members and volunteers for projects throughout the community. The Commission consists of 7 full-time members, appointed by the Selectmen for 3-year terms, and 2 alternates, appointed for 1 year. Meetings are held the 1st Monday of each month at 7:30pm in the Town Hall. If you are interested in serving on the Commission or simply curious about the workings of the Commission, please attend a meeting or contact the Atkinson Selectmen's office.

We, the current volunteers who serve on the Atkinson Conservation Commission, speak for all members, past and present, when we say "Thank you" to all of the conservation-minded people of Atkinson. We can only hope to maintain the high standards and hard work that our forebears have brought to the protection of Atkinson's natural resources, for you, for us, and for our children.

Respectfully submitted,

Scott Kukshtel
Chairman, Atkinson Conservation Commission

1999 Conservation Fund Financial Statement

Beginning Balance (as of 1/13/99)	$76,586.83
Additions	
Interest earned	$6,697.32
Sale of Timber	$1,847.30
CU Change Tax	$276,581.55
Subtractions	
Land Purchases	$184,545.05
Ending Balance (12/31/99)	$177,167.95

CODE OF ETHICS COMMITTEE
1999 ANNUAL REPORT

The year 1999 has been a quiet one for the committee, but we have been busy reviewing the Code of Ethics Ordinance for the purpose of clarifying the meaning and intent of its sections.

Once again this year we are proposing articles to be included in the Town Warrant. These articles are the results of questions and comments received by members of the committee. We hope these proposed changes will help to clarify the meaning and intent of those sections being changed.

We wish to thank the voters for their support in approving the 1999 Town Warrant Articles that we had submitted.

We are open to any questions or comments regarding the meaning, intent, and interpretation of the Code of Ethics Ordinance that you may have.

Respectfully submitted,

Bergeron J. Norris
Chairman

Members:
Bergeron J. Norris, Chairman
Robert A. Murad, Vice-Chairman
Leslie Mulcahy – Richard Smith – Jameson Tomasek

Six Bicentennial Square
Concord, NH 03301
April 15, 1999

Selectmen
Town of Atkinson
Atkinson, NH

We have audited the accompanying general purpose financial statements of the Town of Atkinson, New Hampshire, as of December 31, 1998 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Governmental Accounting Standards Board Technical Bulletin 98-1, Disclosures about Year 2000 issues, requires disclosure of certain matters regarding the year 2000 issue. The Town has included such disclosure in Note 10. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exits to support the Town's disclosure with respect to the year 2000 issue made in Note 10. Further, we do not provide assurance that the Town is or will be year 2000 ready, that the Town's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Town does business with will be year 2000 ready.

The general purpose financial statements referred to above do not include the general fixed assets account group, which should be included in order to conform with generally accepted accounting principles. The amounts that should be recorded as general fixed assets are not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, and except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding year 2000 disclosures, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Atkinson, New Hampshire, as of December 31, 1998 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Atkinson, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully Submitted,

MASON + RICH PROFESSIONAL ASSOCIATION
Certified Public Accountants
